Commented [CA1]: Would it be possible for this to go last after MOA and PQR report outs? I am going to be on a HQ call for the first hour and would like to hear the petition discussion if possible (since it will relate to the nutrient related issues).

Commented [BK2R1]: Yes, altered agenda accordingly

45 min	Spokane River PCB issues:	Chung
20 min	Roundtable: anything else?, either PPA related or not?	
15 min	Closing Remarks and Follow-ups	Christine/Heather

Commented [WM6]: Angela – do you want to add bullets?

Commented [CA7R6]: I don't need to add any bullets. You'll see that I am recommending this be moved up to the previous topic because it fits under the broader topic of cross-program coordination. I do think it will still need 45 minutes though.
